ThinkPad

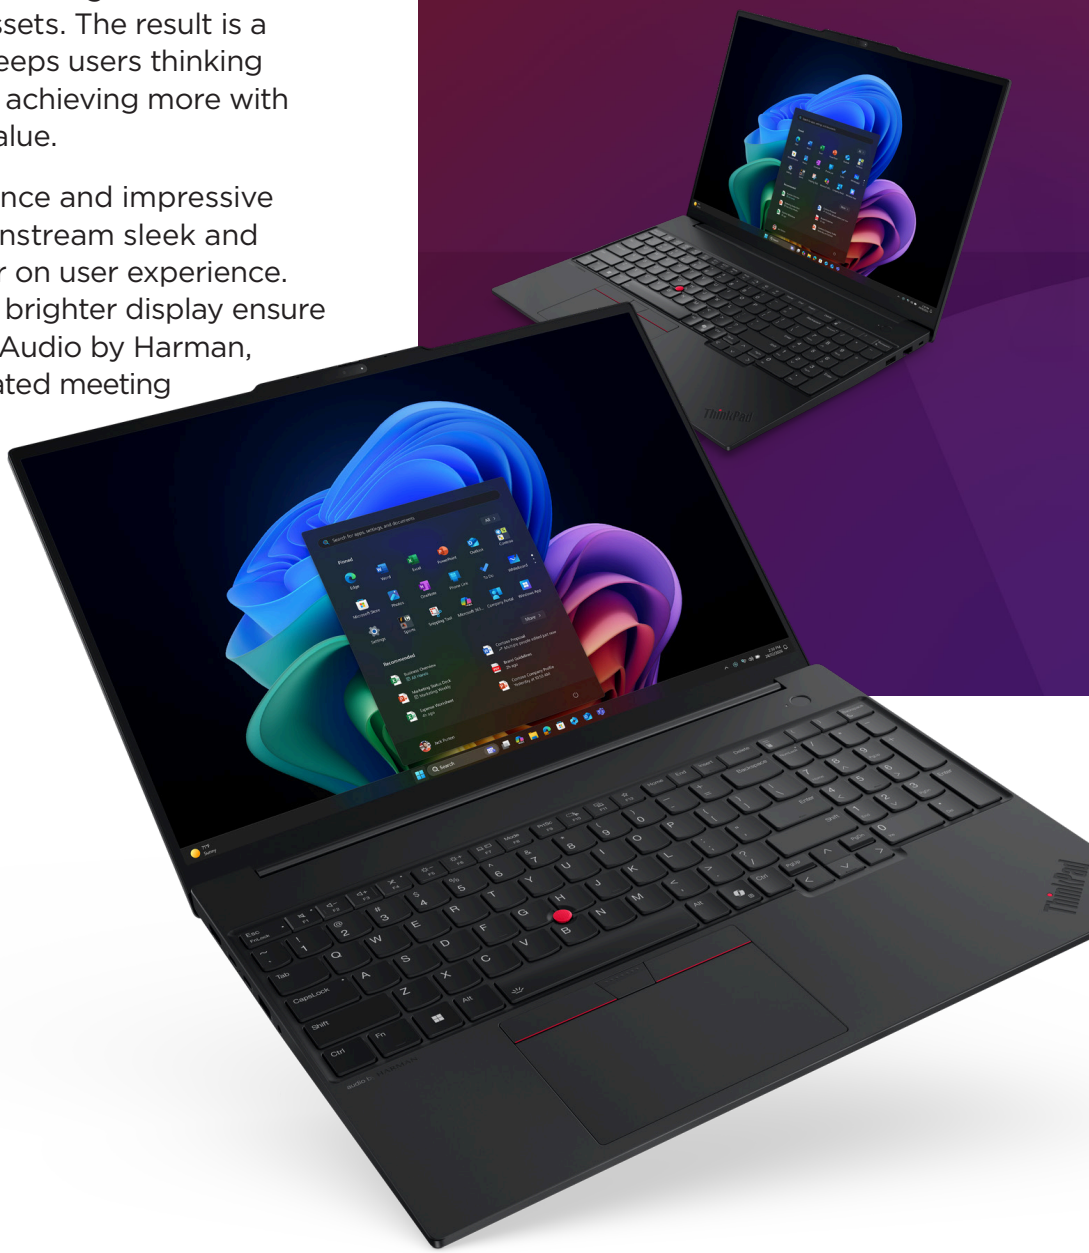

Smarter technology for all

Lenovo

Lenovo ThinkPad E16 Gen 4 *i*

Modern information workers and tech professionals across industries need devices that keep up with fast-paced, demanding workflows. The new Lenovo ThinkPad E16 Gen 4 *i* transforms the workday by providing secure, on-device AI that enhances productivity, simplifies complex tasks and enables faster, more informed decision-making. Fueled by Intel® Core™ Ultra Series 3 processors delivering 48 TOPS of NPU power and advanced Copilot+ features, this go-everywhere must-have handles everyday heavy lifting—from instantly distilling massive research sets to drafting marketing assets. The result is a streamlined workflow that keeps users thinking clearly, working smarter and achieving more with exceptional efficiency and value.

Along with strong performance and impressive running speeds, this 16″ mainstream sleek and light notebook raises the bar on user experience. Intel® graphics and a clearer, brighter display ensure better visuals, while the rich Audio by Harman, 5MP camera and AI-accelerated meeting features foster seamless, engaging collaboration. Dual Thunderbolt 4 ports, long battery life and Intel® Wi-Fi 7 connectivity further boost the UX.

Lenovo ThinkPad E16 Gen 4 *i*

INTELLIGENT PRODUCTIVITY

Perfect for work on the go, the ThinkPad E16 Gen 4 *i* is powered by the Intel® Core™ Ultra 7 Series 3 processor that's purpose-built for real-world performance, long battery life and enterprise-grade security. To elevate mainstream productivity, users experience fast processing and impressive speed for smooth multitasking and handling of demanding workloads with ease. The powerful NPU with local AI processing enables personalized and secure workflow efficiency, while optimizing Copilot+ PC AI features to boost task automation, enhance communication and drive content creation. The dual Thunderbolt 4 ports plus ample storage and memory enable expandability and scalability for a future-proof ecosystem. Sustained performance is never an issue, thanks to the long battery life and notable thermal design power (TDP) for improved overall power efficiency.

IMPRESSIVE UX

Offering up to 400nits brightness and rich true-to-life color reproduction, the 16″ display up to WQXGA (2560x1600) delivers bold, smooth visuals that are clearer in bright light. On select models, the display clarity comes with lower power consumption and battery protection, thanks to the 3M™ DBEF (Dual Brightness Enhancement Film). Transform virtual meetings into high-fidelity collaboration with Copilot+ PC AI-enhanced meeting tools, a high-def 5MP camera, and immersive Audio by Harman and Dolby Atmos sound. The comfortable keyboard and responsive 115x67mm TrackPad help keep ideas flowing, while the dedicated F8 key makes it easy to shift thermal mode and optimize performance workload. With up to Intel® Wi-Fi 7, this ThinkPad delivers everywhere connectivity with enhanced performance, reduced latency and high-bandwidth capacity.

RESPONSIBLE, SECURE DESIGN

The Lenovo ThinkPad E16 Gen 4 *i* is designed with both environmental responsibility and enterprise-grade security in mind. Built with multiple customer replaceable unit (CRU) components, including the memory, SSD, battery and speaker, it supports more sustainable lifecycle management and easier serviceability. On-the-move productivity is more secure than ever as well, with enterprise-grade features like dTPM 2.0 for data encryption, biometric login, and self-healing BIOS, along with Copilot+ PC security including Secured-core PC protection and Microsoft Pluton plus Intel vPro® safeguards.

Lenovo Solutions & Services

Partner with Lenovo to implement more sustainable, cost-efficient practices across the device lifecycle and make a meaningful difference in how you use technology.

LENOVO TRUSCALE DEVICE AS A SERVICE
Deploy the IT resources you need and responsibly dispose of those you don't. Supported by our suite of services, TruScale DaaS helps you prolong device usability and promote circularity for your IT assets.

LENOVO CO_2 OFFSET SERVICES
Make carbon offsetting easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics.

LENOVO PREMIER SUPPORT PLUS
Reduce downtime and increase productivity with direct access to advanced technicians who provide better, faster solutions that work every time—anytime, anywhere.

Lenovo ThinkPad E16 Gen 4 *i*

Committed to sustainability

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human-centered like the Lenovo ThinkPad E16 Gen 4 *i*, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.
